# Building Management Systems:

Scalable Solutions to Help You Manage What Matters

NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS

August 19, 2025

# Welcome & Housekeeping

- Please keep your microphone on mute until the end of the presentations.
- We will have a moderated Q&A at the end of all presentations.
- The workshop slides and recording will be posted on the Conserve North Texas website under News/Events → Event Archive at the link below. Follow-up emails to come.
  - https://www.conservenorthtexas.org/event-archive
- Please consider donating the value of your time on today's webinar through an in-kind match:
  - https://www.surveymonkey.com/r/XZGBXF5

### **Workshop Sponsor**

NCTCOG receives funding through SECO to work on energy management and efficiency projects within the region. As part of this work, we have provided workshops, webinars, and technical assistance on a variety of energy management, energy efficiency, water efficiency, and renewable energy topics.

### Who We Are

How do we support energy management efforts for entities across the state?

NCTCOG is a regional planning agency serving North Texas local governments on a variety of topics. NCTCOG's Regional Energy Management Program is an ongoing effort to identify energy management needs, increase awareness to the local government energy reporting requirements, and provide resources to assist local governments in energy conservation efforts.

SECO partners with local governments, public K-12 schools, public institutions of higher education and state agencies, across Texas to reduce utility costs and maximize energy efficiencies.

# Today's Agenda

- 1. Speaker Introductions
- 2. Presentations: Building Management Systems
- 3. Q&A Session
- 4. Upcoming Events
- 5. Resources and Funding

# 01

# **Speaker Introductions**

### **Catherine Callaway**

Associate Partner & Director of Sustainability and Building Performance, Kirksey

### **Umair Surani**

Advisor, Energy Solutions, Environ Energy Board Member, SPEER & US Proptech Council

### **Greg Wellman**

Managing Partner - Dallas, CMTA

### **Brandon Boyter**

Executive Director of Construction, Planning, & Growth, Denton ISD

## 02

# **Presentations: Building Management Systems**

### What is a Building Management System (BMS)?

#### **BMS-Lite**

Networked control of HVAC, lighting, & air quality

#### **Standard BMS**

More equipment control, sophistication, some automation

#### **Advanced BAS**

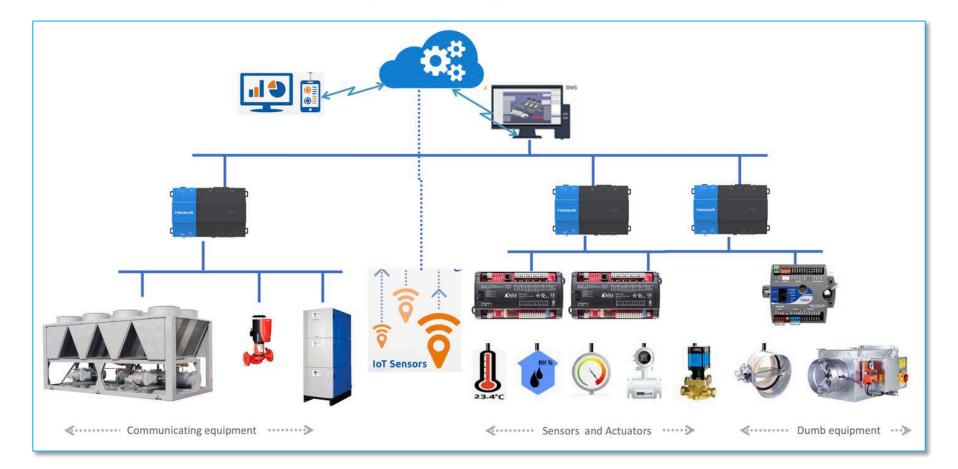

Advanced with fullautomation

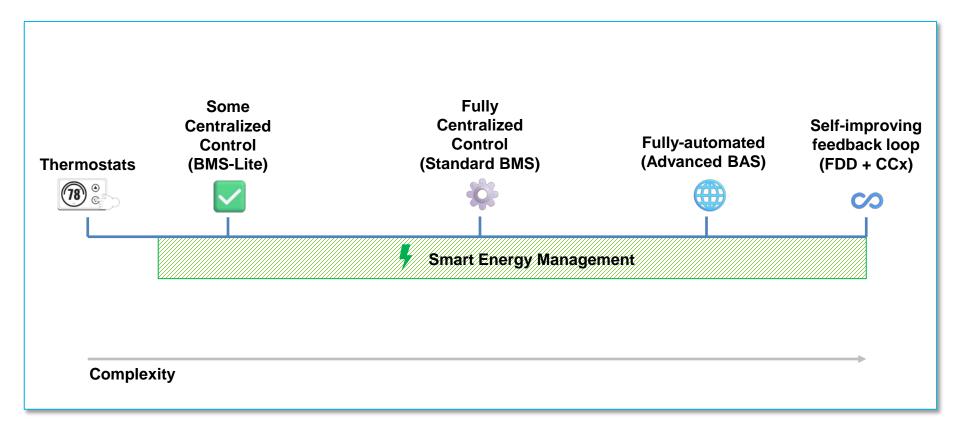

#### **Energy Management**

Analytics later for energy and sustainability insights

### What is a Building Management System (BMS)?

### **Journey to Smarter Operations**

### Which BMS Fits Your Facility & Needs?

Goals	Small (<50k ft²) Libraries, fire/police stations	Medium (50k–250k ft²) Schools, admin buildings, city halls	Large/Complex (>250k ft²) Universities, hospitals, labs, arenas, data centers
Reliability / Uptime		€ →	<b>♦ → ●</b>
Comfort / Occupant Exp		$\longrightarrow \emptyset$	<b>♦ →</b>
Energy Efficiency	<b>□</b> → <b>□</b>	\$ → ●	• •
Asset Optimization		€ → ●	
Internal Reporting	<b>□ *</b>	✓ → 🕸	<b>* 7</b>

### Benefits of Building Management Systems

- 1. Reduced cost \*\*\*\*\*\*
- 2. Central control of building systems (better control)
- 3. 40% 80% of the building's energy usage can be at your control.
- 4. Effective (efficient) monitoring and targeting of energy consumption.
- Effective response to HVAC related complaints. (Operational efficiencies)
- 6. Improved indoor air quality
- 7. Automatic storage of historical data for analysis and reporting.
- 8. Local control inside set parameters.
- Optimized start of facility

## Challenges of Building Management Systems

- 1. Initial cost of implementation
- 2. Decision on which BMS system is right for my application
- Locked into one BMS system for life Cost to Upgrade or change systems
- Implementation of usage plan,
  - 1. Who can access system and how do I manage access
  - 2. Who can change or modify system
- 5. Trained staff to manage / monitor the BMS system

# Q&A Session

# 04

# **Upcoming Events**

# **Upcoming Events**

**SPEER 2025 Industry + Policy Workshop** 

**Dates:** September 18 - 19, 2025

**Location:** Austin

Agenda Registration Link

### **Upcoming Events**

Regional Integration of Sustainability Efforts (RISE)

**Coalition** 

Next meeting: Wednesday, October 29, 2025, at 9:30 a.m.

**Location:** Microsoft Teams

**RSVP** for Meeting

Visit the <u>committee page</u> to stay updated on meetings.

Learn more about the RISE Coalition on their <u>program</u> page.

# 05

# **Resources and Funding**

### **NCTCOG** Resources

Conserve North Texas (<u>www.conservenorthtexas.org</u>)
Highlighted Resources:

- A Guide to Zero Energy and Zero Energy Ready K-12 Schools
- Better Buildings Accelerators

Go Solar Texas (www.gosolartexas.org)

Energy Management, Efficiency, and Renewable Energy (www.nctcog.org/envir/natural-resources/energy-efficiency)

### **SECO Resources**

No-cost resources offered by SECO to aid entities in achieving their energy management or efficiency goals

#### **Technical Assistance**

- Preliminary Energy Assessment (PEAs)
- Analysis of current systems, O&M programs
- Energy Management Policy development
- Funding options
- Prioritized project planning

#### **WattWatchers of Texas**

- Behavioral program for schools and families
- TEKS aligned STEM material

# Local Government Energy Reporting

 Technical assistance for State-mandated energy efficiency and reporting

#### **LoanSTAR**

- 2.5% (1.5% for ARRA funds)
- Simple payback of 15 years or less
- Open enrollment through Aug. 31, 2025

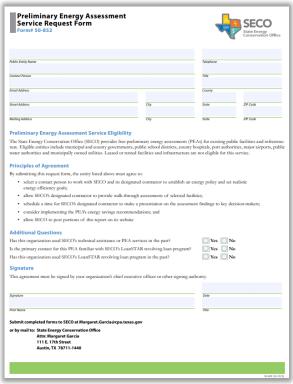

### **Preliminary Energy Assessments (PEAs)**

Preliminary Energy Assessments (PEAs) are provided by the State Energy Conservation

Office (SECO) and offer cost effective resource efficiency measures entities can implement to decrease energy consumption at no cost to you!

- Help guide the development of an energy management policy
- Provides facility benchmarking using ENERGY STAR Portfolio Manager
- Recommended maintenance procedures
- Develop efficiency level guidelines for equipment purchases

### **SECO No-Cost Technical Assistance**

Through this program SECO contracts with engineering firms to provide customized, on-site, energy-related services ranging from basic consultation to feasibility studies.

Eligible entities may request assistance with either **energy** or **water**-related technical matters.

Upon determination that the requested services are reasonable and within the contractors' scope of work, SECO will assign an engineer to contact the entity officials to determine the level of service necessary to provide assistance.

### **Texas LoanSTAR Revolving Fund**

Finances Projects that Reduce Energy/Water/Utility Costs

- Simple Payback Period of 15 Years or Less
- 2.5% Loan Interest Rate; 1.5% if you choose ARRA Funds with more reporting requirements

Open Enrollment through Aug. 31, 2025

- Maximum \$6 M loan per application for State Energy Program (SEP) funds.
- Maximum \$8 M./\$3 M. minimum for loans funded with repaid American Reinvestment and Recovery Act (ARRA) funds.
- Maximum 2 loans per entity
